

# It's here! VOW Recreation Pass

## Pool and Tennis Court Access

**WHAT** — The Board of Directors of The Village of Wellington Community Association is providing each homeowner with one personalized permanent electronic card. A unique number is assigned for every household, as well as, an electronic tracking number on each card. Convenient clear vinyl straps are available at the pool for the pre-punched card.

**WHEN** — Becomes effective immediately and continues year after year. It's a permanent card so keep it safe. There is a charge of \$20.00 for a replacement eCard.

**WHERE** — The eCard opens magnetic door locks at the swimming pool and tennis court gates during regularly scheduled hours. Hours are posted as usual.

**HOW** — The personalized eCard is electronically coded and monitored from off-site software. Your attached eCard is ready and activated unless there is a balance due on your account. To have the eCard activated make payment to Peak Properties or at the pool. Your eCard remains active throughout the year but will be de-activated if annual assessments become past due. When owners sell their property all eCards for that household are de-activated and new eCards are personalized for the new owner.

**RENTERS** — Homeowners who lease their houses and wish to grant their renters access to the community recreational facilities must submit a request to Peak Properties. Forms can be mailed or faxed and upon receipt of form and \$20.00 Peak Properties will prepare and mail a personalized card to the renter.

**EXTRA CARDS** — Any owner (in good standing) may request additional cards for other household members at a cost of \$20.00 per card. The request form will be available on-line or in the pool office.

**The new eCard replaces the traditional laminated pool card and the manual key pad at the tennis courts.**
